

ComposiMold selected as Top 20 Hot New Product of 2014

For Immediate Release

Friday, January 17, 2014

ComposiMold's Reusable Mold Making PowerMold Push Mold Kit was selected as one of the top 20 hot new products in 2014 by the Craft and Hobby Association. The Craft & Hobby Association (CHA), the international trade association for the design, manufacture, distribution and sales of the craft and hobby industry, announced today winners of their prestigious "Hot 20 Awards" for the most creative crafting products of 2014. The selections were chosen as the most innovative and "buzzworthy" products by a panel of expert media judges.

ComposiMold's product that was selected was the PowerMold Push Mold kit. This kit was designed to give crafters all the tools necessary to successfully mold and cast with a reusable mold making material, PowerMold.

THIS STARTER KIT INCLUDES:

- PowerMold 20 ounce
- 6 oz. Mold Release
- 6 oz. Bubble Buster
- 3oz. DELIGHT Modeling Compound
- Instructional DVD including:
- ComposiMold Tutorial Videos
- 100+ Page ComposiMold Basics E-Book
